

Shenglu at a glance

盛路概述

广东盛路通信科技股份有限公司是国内领先的天线、射频设备及器件的生产基地，成立于1998年，公司总部占地110亩，厂房67000平方米，拥有员工近千人。

2010年7月13日盛路通信正式在深圳证券交易所中小企业板上市（股票代码：002446）。

公司专业研发生产天线、射频有源设备、射频无源器件等2000多个品种。被评定为广东省省级企业技术中心和高新技术企业的盛路，拥有博士后科研工作站、以及雄厚的研发生产能力和先进的仪器设备，包括大型微波暗室、天线远场测试系统和环境实验室，现已通过了ISO9001、ISO14001、OHSMS18001以及RoHS等国际认证。

盛路营销及服务网络遍及全国，并在海外设立了服务机构，为客户提供快速、优质的服务，近年来盛路的销售额和纳税额均屡创新高，出口额连年增长。

盛路凭借其强大的自主创新力量，秉承“成就客户、兴旺企业、富裕员工、造福社会”的经营宗旨，为世界通信行业的发展竭诚贡献。

Founded in 1998, with nearly 1000 employees, with a factory area covering 73,370m² and factory buildings covering 67,000m², Shenglu Telecommunication Tech. Co., Ltd., is a leading supplier for design and manufacture of antennas and RF components for a wide range of frequencies and wireless communication applications.

On July 13 2010, Shenglu Telecommunication is officially listed on the Small and Medium Enterprises Board in Shenzhen Stock Exchange (stock code: 002446).

Shenglu's main product range includes: Antennas, RF Active Components, and RF Passive Components. While being awarded "Provincial Enterprise R&D Center" and "High-tech Private Enterprise" certificates, The postdoctoral working station was established in Shenglu. Shenglu maintains the strong assets of R&D and manufacturing know how in this field. Shenglu also possesses a complete series of advanced instruments and test equipments, including a large-scale RF anechoic chamber, antenna far field test system, as well as a complete line of environmental test equipments. Shenglu has also obtained the certificates for ISO9001, ISO14001, OHSMS18001 and RoHS.

To provide high quality and fast services to our customers, Shenglu has established a nationwide sales network and oversea services agencies. With superior management and the high-quality products, Shenglu has gained widespread acceptance in both domestic and foreign markets. In addition, Shenglu has maintained continuous increase in sales revenue as well as continuously updating the product line to keep up with the fast growing market.

With a good capability in independent innovation, Shenglu sticking to the operation principles of "dedicating to client's success, prospering enterprise, enriching all employees and benefiting the whole society" and contributes our endless wisdom and efforts for the development in worldwide wireless communication industry.
